

SKIP WAGNER AUTOMOTIVE TECHNOLOGY COMPETITION

Each year 10 schools with 2-person teams are selected to compete through a written qualifying exam. In order to prepare for the competition, students are trained at local new car dealerships. During the competition, each team of students is assigned a new, current year vehicle, donated by Central PA area franchised dealers, that is bugged to malfunction. The competition also includes five timed workstations. The first place team goes onto the National Automotive Technology Competition in NYC to compete with teams from all over the country.

We are the New Car and Truck Dealers State Association, working for over 1400 members in the automotive industry through legislative and industry representation, educational programs, communications and community relations activities.

If your business is anyway involved in the automotive industry, we welcome and encourage you to become a PAA Member.

BUSINESS GROWTH

PAA BRUNCH

This event invites the PAA members attending the NADA Convention to a brunch hosted by PAA. There are typically around 250 attendees at the brunch. The PAA Brunch brings together dealership representatives from all over the state, as well as vendor sponsors. It is an event that PAA members look forward to each year.

PAA FALL CONFERENCE

The Fall Conference, a 4-day event, is held in October each year with about 150-170 people attending. The conference is an opportunity for the dealers to network with fellow Pennsylvania dealers and take advantage of top-notch industry speakers during the business sessions. Industry sponsors provide a great deal of support for the event. It is also an opportunity for them to support the association and network with the dealers.

PTD CONVENTION

The PA Truck Dealers Convention, held in August each year, provides education opportunities for the medium and heavy-duty truck dealers. Attendees come in mid-day on the first day of the convention and leave the next morning. A business session with industry speakers, geared to this segment of the PAA membership, is followed by a reception and dinner. It provides an opportunity for dealers from around the state to network with one another, as well as, the sponsors who support the event.
