

# **NOW FOR THE FUTURE**

#### Dear Friends,

Pennsylvania's new car and truck dealers, and those affiliated with the industry, are choosing to give through the PAA Foundation. These individuals recognize that charitable giving can have a large and lasting impact on the community, today and into the future.

In 2017, over \$3.7 million was granted to charitable organizations by PAAF account holders, more than ever before, and a total of \$1 million more than just two years ago. These donations are building hospitals, funding schools, inspiring the arts, and giving hope to those in need.

A resource to maximize your charitable giving, the PAAF offers incentive money like no other foundation. <sup>4</sup> We connect you to resources that will help you become a more effective and satisfied giver, all while providing great flexibility. We do not suggest places to give - you choose the charities that matter most to you.

We hope this publication inspires you to think about the future - now is the time to join us. If you would like your giving to be more strategic and aligned with your vision in 2018 and if you haven't explored the many benefits of a PAA Foundation account, I encourage you to make this the year you do.

To my colleagues and friends,

I began my tenure with the PAA Foundation almost at its inception; and over the years, I have watched the Foundation grow its assets and its impact. There is no other Foundation that dedicates itself to promoting the good works of dealerships across the state and those affiliated with the industry by allowing us to give to the causes that matter most to us.

I am pleased to present to you the 2017 PAA Foundation Annual Report. On the following pages you will find information on the many worthwhile organizations that receive donations from account holders, as well as the stories behind those gifts.

As you will see, 2017 was a very prosperous year for the PAA Foundation. The Foundation once again experienced tremendous growth and welcomed several new account holders.

Over \$3.7 million was granted to various charitable organizations by PAAF Donor Advised and Benefactor Club account holders.

We hope that as you read this report you are inspired to find the causes and organizations that matter most to you.

Those with charitable intent are encouraged to take advantage of establishing a PAAF Donor Advised Account. The PAA Foundation is a valuable and flexible resource which can be used to administer your charitable giving. If you would like to contribute but do not want to take part in one of the established Giving Recognition Levels, a donation in any amount can always be made to the PAA Scholarship Fund.

PAAF account holders care about their communities, and it shows. We commend the good work you are doing and look forward to another successful year!

PAAF Chairman David B. Penske Penske Buick GMC Trucks, Inc. Shillington

In 2017, Rocking the Boat received a generous donation from the D'Agata Family Foundation. Rocking the Boat engages over 200 teens per year in a series of STEM-based programs that last throughout their high school careers and into college. All participants receive social services provided by licensed social workers. The organization offers students comprehensive support and helps them graduate from high school, apply to college or trade school, overcome obstacles to attaining a college degree or professional certification, and map out a path for reaching their long-term goals. Participants may arrive at Rocking the Boat not knowing how to read a ruler and having never used tools, but they work together to build full size traditional wooden rowing and sailing boats from scratch. Boat-building students and apprentices study the plans and create and assemble all of the components from stem to stern, fasten the planks and frames, paint, and then launch their boat into the Bronx River. The program has impressive statistics. One hundred percent of alumni have completed high school or the equivalent. Furthermore, tracking alumni six years later finds that 80 percent of them are either currently attending or have graduated from college.

#### Aaron's Acres Allen Family Foundation

#### **Driving Away the Cold** Auto Dealers CARing for Kids Foundation

The Auto Dealers CARing for Kids Foundation distributed a record 50,000 brand new winter coats to area children in need in 2017. The tenth annual Driving Away the Cold program involved 185 auto dealers in the Greater Philadelphia area who teamed up to improve the lives of children living in the five-county region of Philadelphia. Driving Away the Cold began in 2008 after the members of the Auto Dealers CARing for Kids Foundation learned that one in six children in the five-county area of Philadelphia lives in poverty. "By providing these children with the simple 'gift' of a new winter coat, it helps them get to school every day for learning and, in some cases, the only two hot meals they have that day," said Donald Franks of JL Freed Honda and past president of the Auto Dealers CARing for Kids Foundation. "A winter coat is something that all kids deserve." The 185 Driving Away the Cold Dealer Participants annually conduct a pledge program to help raise funds to purchase these brand-new winter coats. The Philadelphia Auto Show also plays a part by donating \$2.00 from every show ticket sold to the Auto Dealers CARing for Kids Foundation in support of the effort. The coats are then distributed through 150 social services agencies in the area, including 29 regional YMCA branches. The 2017 contribution to the effort brings the program's total number of coats given to more than 315,000 since 2008.

#### **Cradles to Crayons** Joseph and Mary Faulkner Family Foundation

"I couldn't afford to pay my rent and also buy diapers, clothes, and toys for Madeline when she was born. I couldn't take her outside when it got cold. When we got the package from Cradles to Crayons, all of a sudden I had warm clothing, toys, books, and a bassinet so she could sleep safely. Not having to buy those things was huge for me — I didn't have to worry about the rent and Madeline had the things she needed." This story is a frequent one in Philadelphia. The Cradles to Crayons story began in a bedroom drawer. While founder Lynn Margherio was helping her young niece get dressed, she noticed many pieces of clothing were outgrown. Others were never worn, with price tags still on them. Lynn thought: "What if these like-new and never-used things could find their way to children who really need them?" From this, Cradles to Crayons began in Boston, and has since grown to Philadelphia and Chicago. Through it all, the mission remains clear: to provide children from birth through age 12 with the everyday essentials they need to thrive. The company works with service partners to deliver new and like-new items to children in need. In 2017, Cradles to Crayons received a generous donation from the Joseph and Mary Faulkner Family Foundation.
